

# Quiz

In this lesson, we will solve a quiz related to the concepts covered in the previous lesson.

1

What is the correct output of this code:

```
const name = "myname";  
const person = {  
  [name]: "Alberto",  
};  
console.log(person.myname);
```

COMPLETED 0%

1 of 2

In the next lesson, we will learn what “Symbols” are and how to use them.
