Quiz

In this lesson, we will solve a quiz related to the concepts covered in the previous lesson.

WE'LL COVER THE FOLLOWING ∧

- Quiz
- Coding Challenge

Quiz

1 What is a `Promise`?

COMPLETED 0%

1 of 3

‹ ›

Coding Challenge

Write a simple `Promise` that will immediately resolve and prints the required string to the console.

Run your code in the **browser's dev tools** and when you feel contented,

click **show solution** to compare it with my solution.

```
// write your promise here
const myPromise =
```

In the next lesson, we'll go over generators and how to use them.
