Conclusion

Let's discuss which new lifecycle methods replaced the previous ones.

It is worth mentioning that while new additions were made to the component lifecycle methods, some other methods such as `componentWillMount` , `componentWillUpdate` , `componentWillReceiveProps` were replaced.

Deprecated lifecycle methods

Now you're up to date on the changes made to the component lifecycle methods since React version 16!

?

#1 Did you know?

React went from version **0.14.8** to version **15.0.0** in just 10 days.

Let's learn about simple state management with the Context API in the next chapter.
