Coding Challenge #3: Input Validation

This coding exercise will teach you how to validate the input given by the user in JavaScript.

Problem Statement

Write a program that continues to ask the user for a number until the entered number is less than or equal to 100.

Coding Exercise

JavaScript
`// Write - Your - Code`

Console   ⊘ Clear

When you are done with the above, improve the program so that the terminating number is between 50 and 100.

JavaScript

```javascript
// Write - Your - Code
```

Console

Clear
