# {New} The One Thing You Can do For Me

Sneak peek

13th February, 2018, at exactly 10:42am, below is a screenshot of my editor's view. It reveals the new course topics I'm working on at the moment.

Long Live the CSS Grid ✎ ✕

Teach me CSS Positioning like I'm Five ✎ ✕

Building Jaw Dropping UIs ✎ ✕

Making Sense of SVG - Plus Animating it Like a Pro. ✎ ✕

Writing Maintainable CSS ✎ ✕

Teach me Positioning Like I'm Five ✎ ✕

Understanding Animations, Transitions and Transformations ✎ ✕

(I notice the duplicate though)

I hate cheap talk, and I keep every promise I make. It's the same with this course.

I am working daily on pushing these updates. If you're not easily impressed, these updates will blow your mind.

If you want help me make this course the best for you, drop me a message with the following answers.

1. Rate this course on a scale of 1 to 10.

Example answer: I love this course. I rate it 9 out of 10.

2. If it isn't a 10/10 for you, what do I need to do to make it 10/10?

Example answer: Uh nothing. I just want to keep the one additional score to myself!

Go ahead and send me your feedback. If you don't like to use the Slack app, you can send me a personal email at ohans@ohansemmanuel.me

Let's make this count.

Much love 😍,
