Conclusion

Thank you.

Thank you for taking this course. I hope you took value out of it. If you feel that there's something that could be explained better or rewritten, please let me know. If there's a topic you wish I had included, please let me know and I'd be happy to consider adding it to the course.

If you'd like me to cover other JavaScript topics or perhaps create a new course entirely, I'd love to hear any suggestions.

Master the JavaScript Interview

Another course I have on this website is Master the JavaScript Interview. It features several common interview problems and details multiple solutions to each one. It's the most popular of my three courses on this site.
