Quiz: Deduce the Outputs

In this lesson, your concepts will be evaluated through a quiz.

Choose one correct answer

---

1 Which of the following is the *true* statement?

```
func DoSomething1(a *A) {
    b = a
}
```

```
func DoSomething2(a A) {
    b = &a
}
```

We hope that you performed well in the quiz. That's it about the functions. In the next chapter, we'll discuss arrays and slices in Go.
