Wrap-up

At last, there's one thing to note.

WE'LL COVER THE FOLLOWING ^

- Trend changes rapidly
- Enjoy coding

Trend changes rapidly

In web development, the trends tend to change rapidly. That's a good thing for improving technology, but it's hard for learners.

Fortunately, the React documents are improved and up to date. My recommendation is to check out the official documentation site.

Enjoy coding

A final word: Enjoy coding. That's it.
